Notes:

**"New"** means that the employer has never received services from the Career Center. An employer that is new in a given month will appear in the monthly and the cumulative "new" counts on OSCCAR. In the remaining months of the fiscal year the new employer will continue to be counted in cumulative "new" column, not in the count of repeat employers.

**"Repeat"** means that the employer has returned to the Career Center for service after having received services in a prior fiscal year. At no time will a repeat employer be counted as new.

Entered employment information will be reported from the Quarterly Labor Exchange Performance Reports *based on wage record matching* rather than from the OSCCAR information based on local data entry.
